Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Borough of Hopatcong, New Jersey Lead Service Line Replacements project in fiscal year 2025. The entity to receive funding for this project is the Borough of Hopatcong, New Jersey, located at 111 River Styx Road, Hopatcong, New Jersey 07843. The funding would be used for completing the initial phase of lead service line replacements along various roadways in the jurisdiction, mainly near low-income and minority households. The project is an appropriate use of taxpayer funds because it improves the quality of drinking water in Hopatcong and reduces risk of lead contamination.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
